Subject: [External] Require public hearings on ACP

CAUTION: External email. Do not click links or open attachments unless verified. Send all suspicious email as an attachment to report.spam@nc.gov.

For many serious reasons, I urge you and Gov. Cooper to REQUIRE the Department of Environmental Quality to hold public hearings on the limited (and potentially misleading) economic information send by ACP, LLC following DEQ's additional information request.

There is NO reason to rush this decision and EVERY reason to be careful and listen to the public. This is something you will not be able to undo if you proceed without due deliberation.

Sincerely,
Nelda Holder
